Dear Andy,

This letter is to support your proposal for additional funding to Liberty Day to support Jefferson County students as they study the Constitution. All students in Jefferson County elementary schools are introduced to the U.S. Constitution in a required first semester unit in 5th grade. In this semester long unit, students are introduced to the core concepts underlying our system of government and study the system of government created by the Constitution.

Your support offering Jefferson County teachers a copy of the constitution for each of their students is greatly appreciated and allows students to have their own copy of the constitution as they complete their first study of this important document.

Sincerely,

A handwritten signature in cursive script that reads "Cynthia Stevenson".
